

MATHS FINAL EXAM REVISION WORKSHOP

2014

UKZN WESTVILLE CAMPUS

by SA's TOP TUTOR

About the revision workshop / seminars:

Examination type questions with answers are planned prepared and presented in an easy to understand approach.

Learners are guided on how to answer questions to earn the maximum marks in the least possible time, thus averting the situation of NOT having enough time to complete the paper.

Grade 11 and 12 learners will be introduced to some valuable calculator use enabling them to earn a few extra marks with ease.*(Some of these methods are exclusive to EDUMAQ and learners who join us later are awestruck by the response of our regular attendees).

For the first time Grade 6 and 7 learners would be given the opportunity to be personally taught and motivated by Mr Khan himself... They can go back to school with a renewed confidence.

About Mr Khan

- * over 27 years teaching experience
- * successful track record
- * scores of traceable references (see website)
- *master of methodology in teaching

Who must attend ?

- *Learners wanting to brush-up and improve their performance.
- *Home schooled learners writing external papers.

COST R150 per session

PAYMENT METHODS:

1) EFT 2) CASH DEPOSIT

3) CASH payment at the door 45 minutes before. (limited seats , so book early*)
